[Wine Coolers - Build.com](#)

Wine and beverage coolers can be utilized for more than storing alcohol, so you control the temperature, whether it's for aging wine or just keeping sodas crisp and cool. You can even choose from smaller coolers that hold up to 29 bottles, to larger, more high-end wine refrigeration systems that can store 130 bottles or more.

Dual zone wine coolers - If your collection includes reds and whites, then you will want a dual-temperature-zone wine cooler. They tend to be more expensive but a dual-temperature-zone model gives you greater flexibility. It means you can have a section for ready-to-serve white wine, and another for either storage or ready-to-serve red wine.
