Memory Cards & Readers | SanDisk

SanDisk SD and Micro SD memory cards are there for you when inspiration strikes.

Card reader not being detected by the PC - SanDisk
STEP 4 - Verify if the reader is detected 1. Double-click My Computer. 2. Look for the card reader under Devices with removable storage. SOLUTION 3 - Try other USB ports. A yellow exclamation point (!) under Device Manager usually means that the device is not receiving enough power. If the reader is not receiving ample amount of power from the USB port, it may not function properly.
